

PACKOKRAFT®

Heat-Sealable Packaging Paper

PLASTIC-FREE SOLUTION

APPLICATION

HEAT-SEAL CLOSURE
Seals on contact. No tape, no adhesive

POLYMER DISPERSION
Water-based coating, no plastic film layer

PRINT-READY
High-definition flexographic printing capability

LINE-READY
Runs on existing high-speed lines

SUSTAINABILITY

RECYCLED PAPER, NOT PLASTIC
Replaces plastic films, sachets and wraps

ESG IMPACT
Designed for environmental performance and sustainability KPIs

HIGH FIBER RECOVERY
Over 80% of fiber can be recovered through the recycling stream

HEAT-SEAL KRAFT WRAP

Seals to Itself. No Tape or Glue

PLASTIC-FREE WRAPPING

Replaces Film and Overwrap

LESS MATERIAL, LESS COST

HIGH-SPEED AUTOMATION

NO TAPE, NO PLASTIC, NO GLUE

ENVIRONMENTAL BRANDING

High-definition flexographic printing, up to 4 colors. Your brand and your sustainability message, printed on the pack itself.

PACKOKRAFT® has no standard size, as **it depends on your application.**
